displaces on the Alex technique years and the heat the still a poor man, by shance you would have preferred other names ask why these were nominated, I answer that these ethe choice of the Republican masses. They said ine was their choice in 1876 and equally it choice in 1880, and now they had come ermined to triumph over defeat. His name was the sman of success. Had another been chosen, the erous ardor of his friends would have been chilled and enthusiasm of the masses would have refused to re-

also made by Chauncey I. Filley, Colonel D. P. Dyer, U. S., District-Attorney Bliss, Judge Louis Gottschalk, J. Milton Turner (the colored orator) and Judge Henry A. THE REPUBLICAN TICKET.

COMMENTS OF THE PRESS. CLOSE TO THE HEARTS OF THE PEOPLE.

If the reformers can show that the selection If the reformers can show that the selection of Blaine was brought about by trickery or dishonorable tactics in or out of convention; if they can show that unfairness was practised against their favorite or even that machinery hostile to the popular will was employed to the defeat of Mr. Edmunds, or any other candidate before that convention, or that the candidate is not fitted to be a member of the Republican party, then, and then only, would they be justified in refusing to longer cooperate with the men who went in on equal terms with them to select nominees acceptable to all. So far from this being the case, no hint has yet been made, even by the men now diposed to desert in the face of the enemy, of any irregular or questionable thing being done by the advocates of the man from Maine. Never was candidate closer to the people than James G. Blaine to-day. The men of hard sense and practical ideas, the men who do not forget the nature and attitude of the Democratic party, and who realize that it requires strong men to lead successful campaigns, are with Blaine and Logan heart and soul. It has always been safe to trust the people, and it is safe now. The people are enlisted in this campaign, and the people will win.

SOME THINGS THE PEOPLE WANT.

SOME THINGS THE PEOPLE WANT.

From The Chicago Tribune.

The great majority of the people believe that it is time this country had an adequate pavy, ample coast defences, a commercial marine, a trade with its neighbors. They believe that it is simply diagraceful for a grown-up Nation, which has passed its first century, to remain longer in an embryonic condition. They believe that it should have a foreign policy and a voice in affairs, particularly a voice in the affairs of the American Continent, and its rights in American trade. Mr. Blaine believes this also, and there is no section of the country which will more keenly and quickly appreciate the material benefits of such a policy than New-England. There is no city in the Union which will appreciate its own interests more quickly than Boston.

THE GERMANS FOR BLAINE AND LOGAN.

From The St. Louis Morning Call.

The enemies of Mr. Blaine are trying to create the impression that the German Republicans of the West, who have in the past contributed so much to Republican success at the polls, will boit the Republican ticket. How little there is in this can be learned from interviews translated from The German Eccaning Iritime and published in another place. The Hon. A. G. Sinkeinburg is, heart and soul, for Blaine. Dr. H. M. Starklod, one of the most prominent and influential Germans in the West, who, during the last twenty years, has taken an important role in German life in the city and has three times been honored with the highest offices in the gift of the Turners of this country, is decidedly for Blaine and sure of Republican success this fall. So is Dr. Frederick Hill, one of the oldest German citizens in this city. So, also, is Judge Louis Gottschalk, the well-known German lawyer. Not only in this city, but also in Ohio, the Germans are for the Republican ticket. There is no German Republican paper of any prominence in Ohio which holts the ticket. The Volkeblatt and the Free Presse in Cincinnati, and the Ausuger in Cleveland, are for Blaine and Logan, are working for the success of this ticket, and give strong reasons why they do so. As Ohio will be, virtually, the battle ground during the coming campaign, as far as the German vote is concerned, the reader can see that the balance of power, which the German vote signifiles, will undoubtedly turn for Blaine and Logan. THE GERMANS FOR BLAINE AND LOGAN.

A REPRESENTATIVE TICKET. A REPRESENTATIVE TICKET.

From The Westfield (N. Y.) Republican (Arthur Rep.)
We abide by a nomination that was honestly and norably made, and "holst the ticket." Blaine and gan. This ticket is as clearly representative as any it could be made. We believe that Blaine is quite as tain to be elected as any man who could have been minated. His canvass will not be defensive, nor will see alleged scandals laarm him. Altogether the nomition was the logical outcome of the simuation. There is fewer antagonisms and more strength in this nomition than in any that could have been done. It means live, enthusiastic and a decisive victory.

THE WORK OF A CONVENTION OF THE PEOPLE. THE WORK OF A CONVENTION OF THE PEOPLE. From The Cortland (N.Y.) Standard.

A convention which, more than any other in the hisory of the Republican party, has been " of the people, by he people and for the people," has piaced in nomination or the presidency the man of whom it has been said that he has " the grandest combination of heart, brain and ouscience beneath the flag." The campaign has opened nost anspictously, and all that is needed to crown it with amagnificent victory is the old time unity of action, heroughness of organization and patient work till the sile shall close.

WITHOUT A PEER AS A STATESMAN. Standing head and shoulders above the front rank in the Republican party, Mr. Blaine has been the great leader, and to-day is without a peer as a statesumn in this nation of statesmen.

WILL BEAR DOWN ALL OPPOSITION. From The Sandy/Hall (N. F.) Herala.

Standing on the platform adopted by the convention. Blaine and Logan will bear down all opposition. They will grow stronger as the canvass proceeds. It is for the interest of every workingman, every man of wealth, farmer, mechanic everybody—that they should win. And they will so sure as night follows day.

UNQUESTIONABLY A STRONG ONE.

From The New-York Hebrew Leader.

The nomination of James G. Blaine by the Republican party is unquestionably a strong one, whatever may be said to the contrary by some of the leading organs of the party. Equally absurd is the course of the Democratic papers, who are underrating his strength. THE MOST ILLUSTRIOUS EXPONENT OF PRO-

THE MOST ILLUSTRIOUS EXPONENT OF PROTECTION.

Prom The Washington Pest (Dem.)

It is fortunate for both parties and for the general welfare that in a campaign that must be fought on the issue
of protection, the party that advocates a tariff for protection has put its standard into the hands of the most
illustrious exponent of that theory. Mr. Elaine is not a
more zealous Protectionist than Mr. Kelley; not more
earnest thum McKinley or Reed; but in his transcendent
ability to uphoid that dangerous creed he towers above
all his associate apostics.

THE COURTS.

ENDING A TELEGRAPH WAR. The five injunction cases, three in favor of

the Western Union Telegraph Cempany against the Baltimore and Ohio Company, and two in favor of the Baltimore and Ohio against the Western Union, which have been pending for the past month, relating to the right of the Baitimore and Ohio to maintain its line of wires upon the routes rejected and located in this city, were tried yesterday before Judge Sedgwick, in the Superior Court, General Swayne and Cary & Dickinson reprerior Court, General Swayne and Cary & Dickinson representing the Western Union, and Groavener P. Lowrey, E. R. Bacon and Charles A. Stone the Baltimore and Ohio. Judge Sedg wick dissolved the injunction obtained by the Western Union against the Baltimore and Ohio Telegraph Company, restraining it from erecting its wires on the east side of Second-ave. The Court decided that the Baltimore and Ohio could construct and operate its lines through and over the lines of the Western Union upon the different streets of the city, previded, that such construction was performed with ordinary care, and the wires were properly insulated at any point of contact with the poles of the Baltimore and Ohio, and that the Western Union should be enjoused from interfering with the wires and poles of the Baltimore and Ohio, and that the Western Union is constructing lines into the same route as the Baltimore and Ohio, in the city, wherever the Western Union is constructing lines upon the same route as the Baltimore and Ohio, in the city, such lines shall be built so as not to interfere with the lines of the Baltimore and Ohio. The injunction obtained by the Western Union against the Baltimare and Ohio restraining the crection of wires, etc., in Eleventhave, and by the Gold and Stock restraining the same company from erecting its lines in New-st., were settled on this basis.

This practically ends the telegraph war between these

eve., and by the Gold and Servest, were settled on this basis.

This practically ends the telegraph war between these two companies so far as the joint occupation of the streets upon the same route is concerned, and the vacation of these injunctions will now give an opportunity to the Baktimore and Ohio Telegraph Company to operate its lines through the city toward Boston.

MR. CONKLING RECEIVES A SHOCK. Henry Bailey, the professional nurse who atended Jesse Hoyt in the last weeks of his life, was conbended Jesse Hoyt in the last weeks of his life, was confronted with an affidavit yesterday in the Surrogate's affice, in which paper the nurse had deposed that Jesse Hoyt wandered in mind late in June or early in July. [The will was signed on June 26.] Mr. Balley said yesterday that that date was too early; he did not think that Mr. Hoyt suffered from mental aberration before late in July or early in August. The murse stated that his professional services on Jesse Heyt brought him in 800 a week. This statement acted like a galvanic battery on Mr. Conxiling, who exclaimed in surprise: "The nursing profession must be more lucrative than the law." Mr. Balley looked equally surprised to hear this opinion from the ex-Senstor.

The hearing will go on to-day.

THE PETROLEUM MARKET.

NEW-YORK, June 16. The week opened to-day with an unsatisfac tory speculation at the Petroleum Exchanges. In the CLOSING PRICES OF PHILADELPHIASIOCES. early dealings prices were higher and the room traders were disposed to cover their "shorts." The market rose to 7312 cents, against 72% cents Saturday night. But the advance was not sustained, and from feverishness the tone of the speculation gradually passed into positive weakness. The total transactions amounted to over 11, 000 barrels, and the last prices were the lowest of the day and nearly 1 cent below Saturday's closing quotations. Carrying charges were about 60 to 65 cents. The market

ASSOCIATION OF MASTER PLUMBERS, A SPECIAL MEETING of the New-York Association of Master Plumbers will be held at the above rooms on Wednesday next, the 18th mat, at 2 o'clock p.m., to consider the oppressive action of the Journeymen Plumbers Association in relation to the arrike now pending in the shop of Mr. John Tuoney, 124 Park ave.

It is earnestly hoped that every member will attend, as this will probably be the most important business that our association has yet had to consider.

The Arbitration Committee appointed to endeavor to arrange the matter in dispute between both organizations having exhausted all means of conciliation, is at last compelled to call on the trade at large in this city for their aid and support.
